GATTON MANOR

## PRESS RELEASE

---

### **Gatton Manor Golf Club becomes the new home of South Coast Business Golf**

Gatton Manor Golf Club has announced that South Coast Business Golf and South Coast Coaching Academy is to relocate to the Surrey club. Owned and run by Golf Professional, David Fluke, the company has built up an enviable reputation in the golfing world from its current base at Hill Barn Golf Club, Worthing.

As part of the move David will be taking up the position of Head Teaching Professional, as well as having overall responsibility for the development of corporate golf at Gatton Manor, which re-opened under new ownership in November 2017.

Having spent over two decades working in the golf industry, David has a wealth of experience which Rob Weston, Head of Operations at Gatton Manor is confident will benefit the club. "This is a fantastic appointment, which will strengthen our golfing credentials as we enter a new era here at Gatton".

"David is taking on a dual role as Head Teaching Professional and Corporate Golf Events Manager, but I know with his vast experience, professional manner and proven skills in golf event organisation, he will succeed.

Indeed, over the past few years South Coast Business Golf has held a number of their corporate events at the club and it was David's love and knowledge of Gatton Manor that made him the perfect choice for this new role."

"I am personally very excited to be joining Gatton Manor" said David, "the owners have ambitious plans for the future and I am honoured to be a part of the new venture. I am looking forward to working with local and national businesses and to promoting the club - undoubtedly one of the best and challenging courses in the south east - to a corporate audience".

Professional coaching and tuition will be available to members and non-members alike and David, who took up golf when only 14, has plans to develop a junior academy to encourage younger players to the sport. In addition, he will be providing individual tuition and regular group sessions to players of all levels.
